Products

4Flix.Net provides downloadable, DRM-free video files for Macs, PCs and video iPods. A selection of shorter titles are available at no cost, allowing consumers to freely add video content to their new video iPods while sampling the high quality of 4Flix.Net's advanced video encoding. Visitors can also subscribe to a free Video Podcast featuring classic animation. Prices for the remaining catalog of available works match the iTunes Music Store's introductory pricing of just \$1.99 each.

Requirements:

Mac or Windows with Quicktime 7 installed. All movies have been tested to work on the 5th generation iPod (AKA "video iPod").

Media

Please feel free to use the following media when publishing information regarding 4Flix.Net and its products. You may right-click on the images below to download locally. These images may be scaled, cropped and bordered as necessary. If additional materials are required, please [contact us](#) with a list of required media, which we will gladly prepare and supply. Thank you!

Podcast Description
4Flix.Net's Video Podcast allows prospective customers to sample shorter works before buying. All multi-pass encoded in AVC/H.264 MP4 format, and iPod-ready!

Customer Reviews NEW
Average Rating: ★★★★★

Great way to sample iPod video! ★★★★★
by 4Flix.Net
This high-quality video podcast lets you "try before you buy". 4Flix.Net offers \$1.99 video downloads (just like iTunes), and this gives you a chance to check out their quality before hand. An expanded list of titles is on the way! Stay tuned!
