

Sitestar Announces National Marketing Campaign For SurfWithUs.Net Internet Service

For Immediate Release

LYNCHBURG, Va./EWorldWire/March 30, 2004 --- Sitestar Corporation (OTC BB:SYTE), an Internet Service Provider (ISP) and computer services company, today announced that it has kicked off its national marketing campaign for the SurfWithUs.Net National Dial-up Service. This marketing campaign consists of traditional advertising methods such as direct mail, print media, television and radio, plus non-traditional advertising via the Internet.

SurfWithUs.Net is Sitestar Corporation's third major service to be promoted nationally. The first service promoted on a national basis was the toner and ink cartridge remanufacturing business, CBD Toner Recharge. The second was SurfBoost Web Acceleration Service.

Introductory pricing for SurfWithUs.Net is \$9.95 per month for standard dial-up Internet service and \$14.95 for accelerated service. All SurfWithUs.Net dial-up services include free email virus filtering, free spam filtering, free tech support and access to thousands of local dial-up numbers throughout the United States.

"We have been test marketing different campaigns and ads over the past several months. Although we are doing traditional marketing now, our first major push is using the Internet to obtain new customers. We have developed banners and text links that are being placed on web sites throughout the Internet," according to Sitestar President and CEO Frank R. Erhartic, Jr. He went on to say, "We have hundreds of affiliates already successfully promoting our SurfBoost Web Acceleration service and many of them have also started promoting our SurfWithUs.Net Internet Service. We are also working with more affiliate networks this time to expand our reach and to search for even more affiliates."

About Sitestar Corporation

Sitestar Corporation is a mid-Atlantic Internet Service Provider (ISP) and computer services company offering a broad range of services to business and residential customers. Sitestar's main customer base is primarily in the Virginia and North Carolina markets but the company also sells most of its services nationwide. Sitestar's wholly owned subsidiaries provide narrow and broadband Internet access, Web-hosting and design services, computer sales and repair and other technology-related solutions to its residential and business customers.

Sitestar's wholly owned subsidiaries include Sitestar.net (<http://www.sitestar.net>), Sitestar Applied Technologies (<http://www.sitestarapplied.net>), SurfWithUs.Net (<http://www.surfwithus.net>), Lynchburg.net (<http://www.lynchburg.net>), Advanced Internet Services (<http://www.advi.net>), Computers by Design (<http://www.computersbydesign.com>) and CBD Toner Recharge (<http://www.recharge.net>).
