

## **Fetch Pet Care Launches San Diego North County Inland And Temecula Valley Franchise Location**

*Ten Percent Discount Available To New Clients Through August 15*

For Immediate Release

TEMECULA, Calif./EWorldWire/July 12, 2005 --- America's largest professional pet sitting and dog walking service, Fetch! Pet Care, has expanded its service to cover San Diego North County Inland and Temecula Valley. While many pet owners are forced to leave their pets behind when they go to work, or when traveling for business or pleasure, Fetch! Pet Care fills the need for customized in-home care in their absence.

"Across the country in over 300 cities and towns nationwide, Fetch! Pet Care provides professional, reliable and loving care to pets when they need us most and we're proud to expand this offering to clients in our newest location," said Paul Mann, president.

The San Diego North County Inland and Temecula Valley franchise will be owned and operated by Victoria Feroni, a lifetime pet guardian and previous independent operator of another pet sitting business. "It's my personal mission to improve the lives of people and their pet companions through the convenience of our friendly and reliable services," said Feroni. "Pet owners engaging in our services can be confident that their pet will get the best care available." Fetch! Pet Care provides pet owners a guilt-free feeling when they have to fulfill obligations that don't include their pet.

The new location will provide a variety of services for dogs, cats and other small animals, including private dog walks, pet visits, in-home overnight sitting, private boarding, day care and pet taxi. Fetch! Pet Care provides clients with peace of mind through being fully licensed, bonded and insured, a proud standing member of Pet Sitters International and offers a complete money back satisfaction guarantee.

Fetch! Pet Care operates as a central scheduling and dispatch service, and has staffed an experienced team of sitters to ensure readily available service and maintain a specialized level of personalization and attention toward each client. Each sitter undergoes a thorough criminal background check, training by the company, and a comprehensive references review. A free in-home consultation is provided for the client and sitter to meet each other and assess each pet's specific needs.

As part of the grand opening, through August 15, new clients will receive a ten percent discount off their first
