

## **Esnatech Receives Coveted Internet Telephony Product Of The Year Award**

*Esnatech Wins The 2005 Internet Telephony Product Of The Year Award For Its Real-Time Communication Suite Telephony Office-LinX*

For Immediate Release

RICHMOND HILL, Ontario/EWORLDWIRE/Feb. 7, 2006 --- Esnatech, a leader in real-time communications platforms, today announced that it had received the 2005 Internet Telephony Product of the Year award for its latest release of the Telephony Office-LinX suite of communication solutions. Internet Telephony(R) is the premier publication in the rapidly growing VoIP/IP telephony industry.

Internet Telephony editors selected the companies which in their view demonstrate the vision, leadership and attention to detail that are the hallmarks of Product of the Year award winners. According to Editorial Director Greg Galitzine, "The Product of the Year awards exemplify the best that this industry has to offer. The companies earning this distinction have demonstrated a commitment to quality and a commitment to the further development of the IP telephony industry through their contributions. All winners deserve this great honor, and I look forward to seeing other innovative solutions from them as they continue to contribute to the future of VoIP and IP telephony."

"The companies selected to receive Internet Telephony Product of the Year Awards for 2005 have been instrumental in the explosive growth of VoIP and the larger IP telephony industry this year," said Rich Tehrani, TMC President and Editor-in-Chief of Internet Telephony magazine. "We're proud to reward their hard work and innovation. Our latest release truly delivers a list of new and innovative technologies that provide enterprise productivity, security and mobility."

"The 2005 Internet Telephony Product of the Year award is a testament of our industry's leading technology that will change the way business communicates," said Mohammad Nezarati, Esnatech president and CEO. "Technology such as Softfax enables organizations to completely integrate all their office communications into its IP network infrastructure, delivering a complete application layer on top of the IP/VoIP network."

Esnatech's Telephony Office-LinX suite has complete integration with Iwatsu Voice Networks, Mitel, 3Com, AASTRA, Panasonic, Avaya, NEC, Toshiba, Ericsson, Cisco and Nortel phone systems. Organizations can implement a software application over their existing telephone network simply by deploying the Telephony Office-LinX.

Telephony Office-LinX is already tightly integrated with Microsoft Windows, Exchange, Office, Terminal Services and Outlook. It can be administered directly from an organization's Microsoft Management Console or through Terminal Services over the web. Users can be managed through Active Directory and Group Policy.

### **About TMC(TM)**

Technology Marketing Corporation (TMC) publishes four print magazines, Customer Interaction Solutions, Internet Telephony, SIP Magazine and IMS Magazine, as well as the digital publications, Speech-World, WiFi Telephony Magazine, VoIP Developer, IPTV Magazine and WiMAX Magazine. TMC also produces TMCnet,

the world's leading communications and technology Web site. TMC is also the first publisher to test new products in its own on-site laboratories, TMC Labs.
