

ControlScan Certifies Ultrasheds.com As A Safe Shopping Site

In an effort to increase its Internet security, www.ultrasheds.com, an online supplier of online garden sheds, today announced that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWORLDWIRE/April 21, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, Ultrasheds.com hired ControlScan and subscribed to the Corporate Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of Ultrasheds.com and certify the site's security.

"Privacy and security are the main concerns of consumers," says ControlScan president and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Corporate Secure Plan, Ultrasheds.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

Once a company passes the security process associated with the Corporate Secure Plan it receives the Hacker Defended, ID Theft Protected, Privacy Protected and Business Background Reviewed certificates. These certificates are renewed daily, allowing Ultrasheds.com's customers to receive independent third-party verification of the site's actual security before they decide to give out sensitive personal data.

About Ultrasheds.com

A passion for the outdoors, a dream and long hours helped Ultrasheds.com start a site devoted to garden sheds. Its strategic partnerships allow the consumer to choose from a large selection of high quality durable sheds.

Once consumers experience the easy to shop Web site, Ultrasheds.com will be their only place to shop online for storage sheds. The company's goal is to provide customers with a truly rewarding shopping experience every time they visit Ultrasheds.com
