

ControlScan Certifies Compunettech.com As A Safe Shopping Site

In an effort to increase its Internet security, Compunettech.com, the leading supplier of network cables and components for computers, announced that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWORLDWIRE/April 28, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, Compunettech.com hired ControlScan and subscribed to the Enterprise Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of Compunettech.com and certify the site's security.

"Privacy and security are the main concerns of consumers," says ControlScan president and CEO Richard Stanton. "Consumers want to do business with companies who take privacy and security seriously. By passing the audits associated with the Enterprise Secure Plan, Compunettech.com's visitors are reassured that this company is committed to protecting their personal and credit card information and providing a safe online shopping experience."

About Compunettech.com

Computer Network Technologies understands networking and is happy to help its clients. The company supplies a large range of quality products at affordable prices for the networking world. Its customer service is top priority and ensures that clients will return to do business again.

About ControlScan

ControlScan provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate web properties. Its solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure, and to put processes and procedures in place to effectively implement online governance strategies.
