

ControlScan Certifies Bunk-Beds-And-Loft-Beds.com As A Safe Shopping Site

In an effort to increase its Internet security, bunk-beds-and-loft-beds.com, the leading online provider of high quality children's bedroom furniture today announced that it has become certified by ControlScan.

For Immediate Release

MARIETTA, Ga./EWORLDWIRE/June 9, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, bunk-beds-and-loft-beds.com hired ControlScan and subscribed to the Corporate Secure Plan. Through its unique process, ControlScan will conduct security tests and audits of bunk bunk-beds-and-loft-beds.com and certify the site's security.

Once a company passes the security process associated with the Corporate Secure Plan the company will receive the Hacker Defended, ID Theft Protected, Privacy Protected and Business Background Reviewed certificates. These certificates are renewed daily, allowing bunk-beds-and-loft-beds.com's customers to receive independent third-party verification of the site's actual security before they decide to give out sensitive personal data.

"As information about privacy and security becomes more rampant, consumers are learning that it is not safe to give just any business their personal information. Likewise, businesses owners understand that they must take precautions to protect themselves and their customers from these criminals," said the owner Lisa Buschlen of bunk-beds-and-loft-beds.com. "By using ControlScan's Corporate Secure Plan we hope to give both parties the assurance that their transactions are secure."

About Bunk-beds-and-loft-beds.com

Bunk-beds-and-loft-beds.com began selling children's bedroom furniture online in 2001 and its goal is to provide the best customer service and user-friendly e-commerce environment in its industry.

Since the beginning, bunk-beds-and-loft-beds.com has sold over one-million dollars per year and has increased sales annually due to its excellent word-of-mouth references and repeat customers.

About ControlScan

ControlScan provides third party verification and services to identify, measure and prioritize security, privacy, quality, accessibility and compliance risks that exist on corporate Web properties. ControlScan solutions provide the visibility and control necessary to evaluate a company's Web property risk exposure, and to put processes and procedures in place to effectively implement online governance strategies.
