

PhysiClean Teams With Cazbah To Create A New Website

PhysiClean Products teamed with Cazbah "Total Internet Marketing Solution" to create a new website.

For Immediate Release

WARWICK, N.Y./EWORLDWIRE/Aug. 1, 2006 --- PhysiClean has entered its second year of retailing hair care and skin care. The concept behind this inventive new product line was developed taking a new approach to personal care by focusing on products For Active Bodies(TM). PhysiClean is filling a hole in the market of hair and skin care by offering spa quality products that are gentle enough for repeated use throughout the day while powerful enough to deep clean. "Our relationship with Cazbah will help us to reach our Internet customers and provide new offerings such as gift registries and coupons," says Paul Caskey. Additional features will permit PhysiClean to manage mass emails and newsletters. The new site is up and feedback has been great.

Men and women who are physically active and shower multiple times a day will appreciate these products uniquely designed to avoid the damage, buildup and dryness that commonly accompanies an active lifestyle and frequent showers. The line includes a foaming cleanser, a body scrub, astringent pads, a specially formulated combination shampoo/body wash, an anti-wrinkle gel and a hair conditioner.

When active lifestyles has people on the run, they reach for PhysiClean Products for luxurious cleansing of hair and skin. For more information or to place an order, visit www.physiclean.com or call toll free 888.PhysCln (888.749.7256).
