

Zymol Opens Factory Centre In Europe

For Immediate Release

KILLINGWORTH, Conn./EWorldWire/Aug. 10, 2006 --- Zymöl World Headquarters in the United States announced today the establishment of Zymöl Europe in Great Britain, its first office outside of the U.S. The office, support centre and warehouse will serve as regional headquarters for all of Europe and will begin its operations with a technical support team.

"To push our growth forward, which aims toward achieving global availability, we will leverage our location in Europe to accelerate the number of authorised and licensed resellers and detailers," says Chuck Bennett, CEO of Zymöl.

At its newly established Zymöl Europe Centre, Zymöl will advance its association with all of Europe's car clubs and work in cooperation with Europe's finest automobile manufacturers in development of new finish care technologies. Zymöl will target environmental paint degradation and develop new bio-products to support Nano-ceramic paints. The Centre will be fully operational by mid-September. Bennett said in a recent interview, "We are also considering manufacturing in Germany over the next 2 years."

Surveys show Europe as the home of the everyday auto enthusiasts who have great cars and either make the time to take care of them or have them professionally detailed. "We are planning full-scale support for our licensed detailers and resellers by providing local factory education, product availability and factory direct technical expertise to solve any finish problem," said Bennett. "We stand ready to promote higher levels of personal support for individual enthusiasts through the very same mechanisms."

About Zymöl

Zymöl (pronounced ZYE-mol) is the world's leading producer of premium automotive care products. Its effectiveness, natural ingredients, environmental compatibility and adoption by the automotive elite distinguish Zymöl from its competitors.

Founded in 1980 Zymöl has developed washing, cleaning and feeding formulas used to protect and shine some of the finest cars in the world. Whether it's the Vintage(TM) Estate Glaze (\$1,850.00) or Auto(TM) Wash (\$19), there are Zymöl products to suit any budget, need or vehicle.

Hand crafted Zymöl paste waxes are based on a carriage maker's formula developed in Bischofsheim, Germany in the late 1800s.

Zymöl is dedicated to helping present and future generations preserve and protect the contributions made by the designers, manufacturers, collectors and restorers of motorised and non-motorised works of art, new or old.
