

ControlScan Certifies www.controlwizardproducts.com as Safe Shopping Site

In an effort to increase its Internet security, www.controlwizardproducts.com, a leading online supplier of equipment for indoor gardening hobbyists, announced today that it has become certified by ControlScan.

For Immediate Release

ATLANTA, Ga./EWorldWire/Aug. 10, 2006 --- As a measure to increase privacy and security and to prevent hackers and thieves from accessing sensitive information from its customers, www.controlwizardproducts.com hired ControlScan and subscribed to the Corporate Plan. Through its unique process, ControlScan will conduct security tests and audits of www.controlwizardproducts.com to certify the site's security.

Once a company passes the security process associated with the Corporate Secure Plan, it receives the Verified Secure, ID Theft Protected and Business Background Reviewed certificates. These certificates are renewed daily, allowing www.controlwizardproducts.com customers to receive independent third-party verification of the site's actual security before they decide to give out sensitive personal data.

About www.controlwizardproducts.com

www.controlwizardproducts.com is known for manufacturing quality equipment and offering it to the public at an affordable price. Offering the latest and greatest products designed expressly for the indoor gardening connoisseur, it has made the Web site consumer friendly for those who do not have access to the company's equipment and supplies at a local gardening center.

Experienced indoor gardening hobbyists have learned that their best gardening experience was no accident. Quality tools helped them get there. The cost of a good tool that works all day and all night is quickly forgotten but buyers remember every penny they paid for cheap junk.

The company's manufactured product line includes the internationally known EC Dipstick(TM) (formerly Nutra Wand(TM)). An easy to use PPM - EC meter for hydroponic gardeners. Pen style pH and PPM meters known as Accurate pH 3(TM), Accurate pH 2(TM), Accurate pH 1(TM), Accurate PPM 3.5(TM), Accurate PPM 2.5(TM) and the new Accurate pH 7(TM) pH soil and moisture tester.

For accurate and stable CO2 concentrations in the gardening area, the company manufactures Carbon Dioxide Monitors Controllers and regulators.

Control Wizard Products lighting systems include its newest reflector called the Convertible(TM). With the Convertible(TM), multiple lights and air ducting systems can easily be used to match the grower's needs.
