Got a wedding or special event to attend? The extremely popular 6WayDress or 6WayTop is clever buying. Worn more than six different ways, the tops and dresses are just as lovely on non-pregnant figures. In both black and chocolate for both the dress and top, the dress now also comes in the stunning resort-style Fresh consisting of a white boob tube, charcoal skirt and pretty teal, white and grey print for the ties. See the different styles on a model at 'www.fertilemind.com'.

Wrapping a young baby? Wearers appreciate the clever design of the Lalito contoured Baby Wrap. Shaped to ensure no wriggling free, the Lalito contoured baby wrap is made from durable cotton with natural stretch trimmed with satin in a range of colors to suit any nursery style. The practice of wrapping a baby is very popular in Australia with Midwives teaching the technique in all ante-natal classes. Babies are used to the confines of the tummy and often wake themselves up because their arms can move about while they are sleeping.
