IQeye Alliance Series Dome 3.1 And 5.0 MP Now Shipping

For Immediate Release

SAN JUAN CAPISTRANO, Calif./EWorldWire/Dec. 22, 2008 --- IQinVision, market leader in high-performance megapixel network cameras, smart IP cameras, and network video recording systems, today announced that the IQeye Alliance Series 3.1 and 5.0 Megapixel camera models are now shipping.

The IQeye Alliance Series is the first fully-integrated vandal-resistant megapixel dome camera line on the market. The 3.1 and 5.0 Megapixel models round out the robust product line currently shipping which includes interior and exterior models and H.264 with audio. Learn more about the IQeye Alliance Series dome security cameras at <http://www.iqeye.com/iqeye/alliance.html>.

"We have seen a tremendous positive response to the IQeye Alliance Series from the industry and we're pleased to deliver yet another IQeye product to market on time. Commitment to our customers through innovative products and superior customer service is a top priority," said Paul Bodell, Chief Marketing Officer of IQinVision.

About IQinVision

IQinVision is the world leader in megapixel IP video. Since 1998, IQinVision has been designing, manufacturing, and marketing the IQeye family of high-performance network security cameras, intelligent cameras, and network video recording (NVR) systems. Committed to leading the industry with highly-valued products and customer service, IQinVision was first to market with HDTV and megapixel cameras and has received numerous awards from Frost & Sullivan, ST&D, Detektor, IIPSEC, and others. IQeye network cameras are renowned for image quality, stability, and reliability in the most demanding network conditions and environments. The IQeye acts as a stand-alone NVR or integrates with third-party NVR and video analytics software for enterprise-wide deployments. IQinVision products are available as IQeye-brand, private-labeled, or OEM models, and have been widely deployed in city center, property management, education, retail, casino, government, transportation, and a number of other vertical market applications. IQinVision is a privately-held corporation headquartered in San Juan Capistrano, California with regional offices in Lancaster, Pennsylvania and Utrecht, Netherlands.
