

GreenBrilliance Reaching A Brighter Future In Solar Business With Strategic Agreement In The Czech Republic

For Immediate Release

HERNDON, Va./EWorldWire/Jan. 13, 2009 --- GreenBrilliance Holdings LLC announces that GreenBrilliance Energy Private Limited (Vadodara, India) (<http://www.greenbrilliance.com>) has entered into a contract with Central Information and Business Agency LLC (CIBA), Lewes, DE to supply crystalline solar modules in 2009 to projects in the Czech Republic and Slovak Republic.

CIBA, through its subsidiaries in the Czech Republic - CHIPO Energy and CHIPO Building - is a provider of solar energy through construction of utility-scale solar farms. Under the contract, the first purchase order is projected to be for the supply of 4,400 modules (IEC/CE/TUV-certified) of 250 Wp (watt-peak) each to be delivered in Spring, 2009. A second purchase order will be executed thereafter for July, 2009.

In addition, with this contract, GreenBrilliance appoints CIBA as its sole representative in the Czech Republic and the Slovak Republic territories. CIBA partners with large industries and commercial establishments to build solar plants for consumption of power by the owner as well as for supplying to the grid, taking advantage of the region's feed-in tariff program.

"We are excited to be in Central Europe," said Mr. Sanjay Chandra, President, GreenBrilliance, "and we believe that partnering with CIBA is a good decision for us. We hope that this will be a long-term relationship between the two companies."

"We are very happy to sign the contract with GreenBrilliance as a stable partner for our projects in the Czech and Slovak Republic, and we hope that this partnership will be favorable for both companies," said Mr. Michal Ulrych, representative of Chipo Energy.

About GreenBrilliance (<http://www.greenbrilliance.com>)

GreenBrilliance Energy Pvt. Ltd. (Vadodara, India) is the manufacturing arm of the global company, producing world-class, efficient crystalline solar modules for use in solar energy systems. The company's product line is comprised of large-size modules (72 cells, 60 cells, and 54 cells) and ranging from 185 Wp to 265 Wp. GreenBrilliance LLC, based in the Washington, D.C. area, provides turnkey solar solutions for residential and commercial customers, with services including assessment, design, installation, maintenance and service.
