
Children's Potty Training and Toileting Solutions Provided by Potty University

For Immediate Release

KNOXVILLE, Tenn./EWorldWire/Feb. 27, 2018 --- Potty University (www.thepottyuniversity.com) - a one-stop education and resource center for families and children with all aspects of toilet training and common bladder and bowel issues - has launched.

Clifford James, M.D., pediatrician and founder of HelpMommy.com, and D. Preston Smith, M.D., pediatric urologist and founder of PottyMD.com, partnered to develop the most comprehensive collection of educational videos, tools, resources, and goal-oriented products available.

More than 50 educational videos and courses available through Potty University encompass:

- Potty training techniques
- Bedwetting
- Incontinence
- Constipation

Potty University offers proven techniques to achieve success and avoid toileting problems in the future.

"Some of the most common reasons for office visits include problems with bedwetting, constipation, and abdominal pain," said Dr. James.

"Potty University reflects our combined expertise in treating children with toileting problems and is aligned with our experience in creating educational materials and products for patients," said Dr. Smith.

About Potty University

Potty University was established in 2018 by a pediatrician and pediatric urologist to educate and develop results-oriented videos, educational material, and products that address issues related to potty training, bladder problems after training, constipation, encopresis, and bedwetting. The goal of Potty University is to be an expert resource for parents with up-to-date educational content not easily found elsewhere. Potty University makes unique tools and resources available that make potty training fun for kids and offers sound advice to achieve successful outcomes which resolve bladder and bowel issues in toddlers, children, and adolescents.
