

DreamTime Publishing Responds To Britney Spears' Death Guess Contest

For Immediate Release

LAS VEGAS/EWORLDWIRE/Jan. 30, 2008 --- With all the bad news about Britney, DreamTime Publishing Inc. is taking time to create some good, by launching '<http://www.visionforbritney.com>' to do just that. The site was developed specifically to address last week's widely covered story about the Web site betting on Britney Spear's death.

The site affirms that people help others by thinking positively for them, even if they aren't yet ready to do so for themselves. Whether it's called prayer, healing energy, or the power of positive thinking, it helps. "Perhaps even more significant is that visionforbritney.com recognizes that humanity is worth more than a PlayStation 3," says Meg Bertini, president of DreamTime Publishing.

"Enough is enough. Focusing on the negative isn't going to help anyone - not Britney, and not the people who are holding those thoughts about her."

Publisher of the holistic Open Your Heart book series, DreamTime Publishing makes self-improvement fun and enjoyable. The Open Your Heart books use readers' favorite sports and hobbies to help them lead happier lives; topics in the series include basketball, art, singing and pets.
