
Traffic Violations Reimbursed by TicketProtect From Vehicle Administrative Services Ltd.

Enhanced protection program expands automotive aftermarket programs

For Immediate Release

ADDISON, Texas/EWORLDWIRE/Feb. 20, 2013 --- Vehicle Administrative Services Ltd. [VAS] announces its newest innovation for the car dealership vehicle service contract (VSC) channel and auto insurance industries. TicketProtect is a first-of-its-kind product that provides drivers financial relief from a variety of non-reckless moving violations and associated legal fees.

TicketProtect will reimburse good drivers for non-reckless vehicle citations up to \$150, up to \$200 for legal fees, and up to \$250 for defensive driving schools.

The program also boasts a robust list of emergency roadside services and benefits courtesy of SafeRide Motor Club Inc. including:

- Towing
- Jump Starts
- Tire Changes
- Vehicle Fluid Delivery
- Lockout Assistance
- Concierge Services
- Hotel & Rental Car Discounts
- Custom Trip Routing

"Our VSC aftermarket program partners and insurance industry clients are constantly looking for a differentiator that will set them apart in their crowded, hyper-competitive markets," said Ron Temposky, product manager at VAS. "TicketProtect addresses that need with a valuable benefit that anyone buying or insuring a vehicle can understand."

TicketProtect is an ancillary product that can be added to an existing aftermarket finance and insurance (F&I) program or auto insurance product and offers customers a greater level of protection against everyday travel difficulties.

An additional benefit is the flexibility to bundle TicketProtect with many other VAS products like key protection, identity theft protection, and rental car reimbursement.
