
New York Artist Ivy Supersonic Becomes Facebook Phenomenon

For Immediate Release

NEW YORK/EWORDDWIRE/May 24, 2017 --- Ivy Supersonic opened an art studio in April in the East Village and began documenting, "Ivy Supersonic's Art of Mysticism" with filmmaker Bryan Sarkinen.

In viewing her works, Supersonic's social circle spotted fairies, angels, the Shroud of Turin, The Last Supper, and Jesus and his Disciples within her paintings.

After posting her artwork to Facebook, the Huffington Post authored the first review: "The paintings are clearly psychic, coming from the mysterious space described by mystics like Jung.â€•"

Supersonic says the paint brush to her is "like the wand is to Harry Potter," accepting that her abstract art pieces are a "modern day miracle."
